

CVA Renewal Guidelines

In the constantly changing contemporary work environment, the standard of practice in volunteer resource management must remain relevant and effective. Professionals in all fields are expected to be fully up-to-date in their chosen area of expertise. Employers and customers alike have high expectations of the services provided by certified professionals.

The purpose of the CVA renewal process is to enhance continued competence of certificants by requiring documentation of learning, reflection, and participation in activities related to this volunteer engagement and leadership. The specific requirements outlined here are designed to:

- ✓ include a full range of activities that are relevant to today's trends and technology
- ✓ provide a balanced approach between passive "head learning" and "experiential" activities
- ✓ respond to specific suggestions from CVA renewal candidates
- ✓ provide flexibility and meaning for the required written component
- ✓ emphasize the importance of professional ethics

Renewal of the CVA credential is required **every five years** to retain the right to use the professional appellation, CVA. This Handbook explains the specific requirements and acceptable forms of documentation. Forms for tracking and submitting renewal information are provided separately.

These materials are also available on the CCVA website at <http://www.cvacert.org/recertification.htm> , including a version of the tracking forms which can be completed electronically.

Questions regarding renewal requirements should be directed to the CCVA office at 804-794-8689 or execdir@cvacert.org

Governance of the CVA Renewal Program

The CCVA Board of Directors approves all policies, based on recommendations from the CVA Renewal Committee. CCVA reserves the right at any time and without notice to vary the content previously announced and to modify as appropriate to maintain program quality.

Renewal Cycles

The 5-year renewal cycle starts with the notification of the CVA award. Certificants then have until December 31, five years later, to complete the recertification requirements. Your deadline for renewal is noted on your CVA certificate, and is also listed in the online Registry at

<http://www.cvacert.org/cvaafter.htm>

When to Apply for Certification Renewal

CCVA will send two email reminders during the year in which you are due to renew your CVA credential. While you may submit your renewal packet anytime during that year, it is recommended that you not wait until the last minute.

The renewal deadline is firm, and there is no grace period. However, based on extenuating circumstances a certificant may appeal the expiration of his/her CVA status. Appeals must be made in writing within 60 days of the expiration date.

CVAs who do not renew their credential or who do not meet renewal requirements may no longer use the “CVA” designation. Their status will be shown as “EXPIRED” in the CVA Registry.

Lapsed CVAs wishing to reinstate their CVA status must recertify by registering for the program and successfully completing the entire certification process.

Renewal Fee

Renewal fees may change over time, so check the CCVA website for the correct amount at the time of your renewal. An **Early Bird discount of 20% is available for those who submit their renewal packet by June 30 of the year in which it is due.** The fee may be paid by credit card on the CCVA website at www.CVAcert.org or by mailing a check made payable to CCVA.

Submission of Renewal Application

Please mail or email your application materials (cover sheet, tracking forms, and professional reflection essay) to:

Notification of Renewed Status

CCVA will process your application within 30 days of receipt, and promptly notify you regarding your renewal status.

General Requirements

- ✓ CVA renewal is required **every five years** counted from the year you were first awarded your CVA. Activities and/or PDUs may not be carried over from one renewal cycle to another.
- ✓ During the 5-year period you must earn at least 35 Professional Development Units (PDUs) through participation in a variety of professional development activities **beyond the requirements of your position/job**. Activities performed as a core responsibility or expectation of your regular job may NOT be included.
- ✓ It is your responsibility to maintain records documenting PDU activity. You should retain appropriate evidence of this activity; examples of acceptable documentation options are provided in the “How to Earn PDUs” section. **NOTE: This documentation is NOT forwarded to CCVA at the time of renewal, but rather retained by the CVA renewal candidate in case of audit.**
- ✓ You must **retain documentation for all activities submitted for PDU credit for a further period of two years**. CCVA reserves the right to audit these records during that period; any PDUs that cannot be documented during the audit process will be disqualified. Insufficient evidence of meeting the CVA Renewal requirements will result in cancellation of your renewal and termination of your CVA status.
- ✓ In addition to earning 35 PDUs, **all renewing CVAs are required to write a professional reflection essay of 500-750 words**. You may select one of 4 topics to write about. Details are provided on page 7 in this Handbook.
- ✓ During any five-year renewal cycle, it is your responsibility to **maintain current contact information including email address with the CCVA office**. This ensures you receive reminder notices, updates, and other communications which may affect your credential.
- ✓ CCVA will host an **optional conference call in February or March each year** to review the renewal requirements and answer questions. All CVAs will receive notification of this opportunity. A recording of the call will also be made available.

Audits

Each year, 10 % of renewing CVAs will be randomly selected for an audit of their PDU documentation. Further details will be provided to those selected.

Definitions

- *Professional Development Unit (PDU)*. This is the way in which credits are earned towards certification renewal. A total of 35 PDUs are required for each five-year cycle. One PDU is equal to one “contact hour” of 50-60 minutes for seminars, workshops, conferences, and training sessions.
- *Continuing Educational Unit (CEU)*. This is the way that post-secondary institutions in the United States accrue time towards credit courses in their programs. Some conferences offer CEU credit for workshops attended. 1 CEU = 10 PDUs.
