MIHN CVA Study Group Participants Say:

- “The study group was one of the best things I did for my professional growth!!!”
- “Melissa and Mary Ella did an excellent job of facilitating the study group. The sessions were interactive. It was helpful to be able to go back and listen to the recorded calls for review, or if I missed a session.”
- “Honestly... They ran a great study group!”
- “This study group is an excellent tool and resource to utilize in preparation to take the CVA exam.”
- “I did not pass the exam last year and knew I needed support and accountability to study with a group.”
- “The greatest benefit I received was the wealth of national and international knowledge that was shared by group members, and the facilitators. Without the group, I would not otherwise have had access to learn various volunteer management perspectives.”
- Over the last five years in surveys of our CVA Study Group participants, **100% of respondents stated they would recommend our CVA Study Group to a friend or colleague.**
